Magical Music for Life
545 West Road
New Canaan, CT 06840

To Whom It May Concern:

I am writing to give my full endorsement of "The Adventures of Zak" production of the Magical Music for Life Foundation. The production was done at the Bronxville High School Auditorium in Bronxville, New York on October 21, 2000. It was an event sponsored by Lawrence Hospital Center, the local community hospital, as a publicity and marketing event, allowing the hospital more exposure with young families in town.

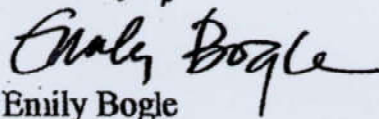

The show was fabulous, and exceeded our expectations in every way. The production was of "Broadway" quality in every way, the actors, set, lighting and music. Everyone was so impressed to have a show of this quality in our own backyard. Carter Norton and the crew were very organized in helping us plan the publicity, printing of playbills and ticket sales. The crew moved into the auditorium and quickly and efficiently set up the Set, lights, and left everything in perfect shape. Everyone was very professional and extremely easy to work with.

The message of the show speaks for itself. Every parent who saw the show loved the message, and the children were completely mesmerized with the music and story.

I fully endorse using this show as a high quality way to deliver a healthy message for children and parents. Any school, hospital or other charity involving children will love it.

Please feel free to call me at (914) 337-3352 with any questions.

Sincerely,

Emily Bogle
